

The top 10 barriers of delegation:

1. I could do it better myself.
 2. I don't know if I can trust him/her to do it.
 3. S/he isn't qualified to do it.
 4. S/he doesn't want any added responsibilities.
 5. I don't have the time to show anyone how to do it.
 6. There is no one else to delegate to.
 7. S/he already has enough to do.
 8. I don't want to give up this task because I like doing it.
 9. I'm the only person who knows how to do this.
 10. S/he messed up last time, so I'm not giving her/him anything else to do.
