Learn about current forest
health issues, weeds, wildlife,
mushrooms, fire risk, and more!

Forestry

WASHINGTON STATE UNIVERSITY
EXTENSION

An Out-In-The-Woods Family Event

This field day will feature a suite of forestry workshops and resource exhibits for landowners. The state's top forestry specialists will be offering hands-on field sessions throughout the day on a variety of topics that will help you to better understand, protect, enhance, and enjoy your woodlands.

Whether you have just a couple acres of woods or a large forest tract, if you have trees on your property, this field day is for you!

Learn about:

- How to keep your trees healthy
- What proper tree spacing looks like
- How to plant trees for survival
- How to grow edible mushrooms
- How to control invasive weeds
- Improving wildlife habitat
- How to properly "limb-up" trees
- Protecting your home from fire
- Native plants in your forest
- Where to start for new landowners
- And more!
